## Introduction

### Background

The *Transport (Road Passenger Services) Act 2018* (the Act) and subsidiary legislation, regulates the road passenger transport service industry, including on-demand transport, tourism passenger transport and regular passenger transport services.

Passenger transport vehicles (PTVs) are vehicles used or intended to be used in providing a passenger transport service. This is the transport of passengers for hire or reward, including on-demand, tourism and regular passenger transport services.

Anyone can apply for a PTV authorisation and there are no limits to when and when they can operate or how many authorisations someone can hold.

Vehicles with a PTV authorisation can operate for multiple on-demand booking services as long as certain authorisation requirements are met (for example, appropriate signage and equipment).

### What is a PTV authorisation

A PTV authorisation is an authorisation for a vehicle to be used to provide a passenger transport service. This replaces taxi plates, country taxi licences, charter vehicle licences and regular passenger transport omnibus licences.

There are four categories of Passenger Transport Vehicle (PTV) authorisation:

 On-demand rank or hail (OD-RH) = a PTV authorisation of the on-demand rank or hail category.

Vehicles with a PTV authorisation OD-RH can ply or tout for hire on a road or in another place accessible to the public. This means they can offer trips to people on the side of the road or within a public space.

• On-demand charter (OD-C) = a PTV authorisation of the on-demand charter category.

Vehicles with a PTV authorisation OD-C can take on-demand trips that do not include a rank or hail service (i.e. charter trips).

 Regular Passenger Transport (RPT) = a PTV authorisation of the regular passenger transport category.

The transport of passengers for hire and reward that is conducted according to regular routes and timetables.

 Tourism Passenger Transport (TPT) = a PTV authorisation of the tourism passenger transport category.

The transport of passengers (tourists) for hire or reward to destinations listed on a publicly available tour itinerary, for the purposes of tourism.

A key feature of the PTV authorisation is that applicants can choose the duration -1, 3, 6 or 12 months - which best suits their business model. Please note that one-month PTV authorisations cannot be renewed; these authorisations are most suitable when a temporary or replacement vehicle is required.

### **Multiple PTV categories**

A PTV authorisation can be issued for one or more categories – there is no cost to add extra categories. OD-RH and OD-C cannot be chosen together. Having an OD-RH category authorises you to do charter work as well, however an OD-C category does not authorise you to do rank or hail/taxi work as there are different requirements for these vehicles.

### Which PTV authorisation category do you need?

### All PTV authorisation categories

An authorised PTV can operate anywhere in WA. All authorised PTVs require annual inspections and appropriate Motor Injury Insurance (MII).

PTV authorisations are linked to a vehicle. The person who is granted the PTV authorisation should therefore be the person who is responsible for the day-to-day operation of the vehicle – either the vehicle's registered owner or someone to whom the vehicle owner has given their consent. For this reason, the PTV authorisation cannot be granted in the name of a partnership or trust; it can only be granted to an individual person or body corporate.

### PTV OD-RH (taxi)

To apply for a PTV authorisation that will allow the vehicle to operate as a taxi, the vehicle must have:

- a working fare calculating device (meter) that has been installed in accordance with the manufacturer's instructions;
- a roof sign and the roof light that are clearly visible in daylight;
- a security camera and related signage that meets relevant standards (;
- required livery; and
- raised lettering (applied to the vehicle, or you must declare that you undertake to attach raised lettering upon receipt of the taxi plate).

A vehicle with a PTV OD-RH authorisation must have taxi plates affixed to meet the requirements of its authorisation.

The taxi vehicle must have signs inside and outside to advise passengers that a camera surveillance unit (CSU) is installed.

Taxi vehicle interiors must display the ODBS:

- authorisation number/s
- contact information; and
- fare schedule.

Taxi drivers must display their driver ID document and ensure it is visible to all passengers in vehicle.

Note: a driver ID document is not a driver's licence. For taxi drivers, the driver ID document must contain a photograph of the driver, their first name and their driver ID number. Existing taxi driver ID cards meet these requirements.

### PTV OD-C (charter)

To apply for a PTV authorisation that will allow the vehicle to operate as a charter vehicle, the vehicle must have:

- prominent livery; or
- a sign in the left of the rear window (or on the vehicle and visible from the rear) that indicates the ODBS that the vehicle is operating under; and
- interior signage to advise customers that a CSU is installed, if applicable.

The vehicle cannot be marked using the word "taxi" in a misleading way.

Drivers of charter vehicles must make their driver ID document visible to the hirer at the time of booking, or display it in the vehicle/on person.

Note: a driver ID document is not a driver's licence. For drivers of OD-C PTVs, the driver ID document must contain a photograph of the driver and their first name. These requirements may already be met, for example by driver profiles displayed to customers by app-based booking services.

### PTV Regular Passenger Transport (RPT) and Tourism Passenger Transport (TPT)

There is no specific equipment or markings that a vehicle authorised as a PTV in the <u>regular</u> <u>passenger transport</u> (RPT) or <u>tourism passenger transport</u> (TPT) categories requires.

RPT is the transport of passengers for hire and reward that is conducted according to regular routes and timetables. RPT services will also be required to have an RPT service provider authorisation.

TPT is the transport of passengers (tourists) for hire or reward to destinations listed on a publicly available tour itinerary, for the purposes of tourism.

## Before you apply

- 1. Get a DoTDirect account for the entity that you want to hold the PTV authorisations in, either an individual or body corporate.
- 2. Ensure the vehicle registration is valid, as a PTV authorisation can only be granted to a vehicle with an active vehicle licence. Ensure any outstanding vehicle registration fees are paid prior to applying for a PTV authorisation. If you don't own the vehicle you will need to obtain the vehicle owner's consent and make sure the vehicle owner changes the MII class on the vehicle to the appropriate type for a PTV (link to website). If the vehicle owner does not change the insurance class, a message will appear on your application: "A vehicle that you do not own must have the correct insurance class before an application can be made." (see screenshot below)
- 3. Ensure you have a valid vehicle inspection. To apply for a PTV authorisation the vehicle must either:
- Have been fully inspected in the previous three months prior to application; or
- Be a new vehicle registered for the first time in WA in the last 10 days.
- If one of these conditions is not met, then prior to applying for authorisation, the nominated vehicle must pass the Department of Transport (DoT) vehicle inspection process and comply with DoT's standards, as per the Act and associated regulations.
- The vehicle is to be inspected at an Authorised Inspection Station (AIS) upon payment of the appropriate fee. Information on Authorised Inspection Stations is available on the vehicle inspections webpage. Download the ODT119: Vehicle examination required form from the DoT website, taking the form with you when the vehicle gets inspected:

Vehicle examination for PTV OD-RH:

Vehicle examination for PTV OD-C, TPT and RPT:

https://www.transport.wa.gov.au/On-demandTransport/apply-for-ptv-authorisation-od-rhtaxi.asp#44071

If you have not had the vehicle inspected, the following message will appear in your application: "*Vehicle inspection requirements have not been met.*"

### **Starting an application**

Applications for new PTV authorisations can only be made via DoTDirect. You can apply for more than one PTV authorisation at a time, however each vehicle added will incur an applicationfee. Current fees are available on the DoT website: <u>On-demand transport fees and charges</u>

To complete an application for a PTV authorisation via DoTDirect, you will be guided through the following steps:

- 1. Choose which category or categories you wish to apply for authorisation.
- 2. Choose the authorisation period for the PTV authorisation either 1, 3, 6 or 12 months, or a common expiry date if you have existing PTV authorisations. One month authorisations are not renewable.
- 3. Search for your nominated vehicle by licence plate number or VIN/Chassis number, so ensure you have these details handy. This will bring up details for the vehicle including year of manufacture, make, model and current insurance class (if you own the vehicle).
- 4. Declare whether the nominated vehicle has wheelchair capacity that meets the relevant standards, and if so whether it has a hoist or ramp installed and how many wheelchairs it can carry.
- 5. If you do not own the vehicle(s) nominated in the application for the PTV authorisation for, you will need to declare that you have the consent of the vehicle owner to do so.

### Notes before applying

### Saving and inactivity

Please note you cannot save your application. If you leave the DoTDirect screen or there is no activity for thirty minutes the system will time out and the application will be lost.

### Fees

Please note that screens in the guide below are for illustrative purposes only. Current fees are available on the DoT website: <u>On-demand transport fees and charges</u>

### Multiple and large applications

If you are applying for multiple PTV authorisations (up to 100 vehicles at a time) you can only apply for vehicles that are the same category type (i.e. only rank or hail) and intend to have the same planned expiry date.

Note that adding a large number of vehicles may exceed the \$20,000 limit for online payments via DoTDirect; in this case payment will need to be made in person at a Licensing Centre by choosing 'lodge and pay later'.

You may apply for a number of combinations of categories. Note that OD-RH and OD-C cannot be selected together; the rank or hail category affords the PTV authorisation holder the rights to operate as on-demand charter as well as rank or hail.

### Authorisation periods and common expiry dates

When applying for additional PTVs, you can choose to align your authorisation to the expiry date of another PTV, creating a common expiry date. This will allow both PTVs to be renewed by one invoice. PTV authorisations can be renewed for either 3, 6 or 12 months, or a common expiry date

if you have existing PTV authorisations. One month authorisations are not renewable. Once a PTV expires, an application is required to issue another authorisation.

## How to apply for a PTV authorisation – On-demand Rank or Hail (taxi)

**Note:** The screenshots provided are examples only, and may not reflect current fee amounts. Visit the DoT website for up-to-date information about fees: <u>www.transport.wa.gov.au/OdTFees</u>

1. If you are applying for the PTV authorisation as an individual (sole trader) use your personal DoT Direct account.

2. If you are applying for the PTV authorisation on behalf of a body corporate (company, registered co-operative, incorporated body), select the DoTDirect profile for the body corporate.

### Passenger transport vehicles

A Passenger Transport Vehicle (PTV) authorisation is required for all vehicles that are used, or intended to be used, to provide a passenger transport service for hire or reward.

If you operate or own a vehicle used for delivery of the following passenger transport services, you must have the vehicle authorised as a Passenger Transport Vehicle: • on-demand rank or hail (taxi) passenger transport service

- on-demand charter passenger transport service
- regular passenger transport service
- tourism passenger transport service

For further information and application requirements for passenger transport vehicle authorisations, please refer to the Passenger Transport Vehicle authorisation page on the Department of Transport website.

5. Read the application details and select the category type of PTV you wish to operate. Select the authorisation period you wish to operate for, either 1, 3, 6 or 12 months. One month authorisations are not renewable.

You may apply for one or more of the Passenger Transport Vehicle (PTV) authorisation categories below. However, if the on-demand rank or hail category is chosen, you cannot also choose the on-demand charter category. The rank or hail category affords the PTV authorisation holder the rights to operate as on-demand charter as well as rank or hail.

Please note that if you select on-demand rank or hail (taxi) category at this point you will be not be able to go back and remove this selection as part of this application. You will also not be able to select on-demand rank or hail (taxi) after having first selected any of the other passenger transport categories. If you wish to make any of the changes described above please cancel this application prior to submitting and start another.

### Passenger transport vehicles

A Passenger Transport Vehicle (PTV) authorisation is required for all vehicles that are used, or intended to be used, to provide a passenger transport service for hire or reward.

If you operate or own a vehicle used for delivery of the following passenger transport services, you must have the vehicle authorised as a Passenger Transport Vehicle:

- on-demand rank or hail (taxi) passenger transport service
- on-demand charter passenger transport service
- regular passenger transport service
   tourism passenger transport service

tourism passenger transport service

For further information and application requirements for passenger transport vehicle authorisations, please refer to the Passenger Transport Vehicle authorisation page on the Department of Transport website.

3. Read the application details and select the category type of PTV you wish to operate. Select the authorisation period you wish to operate for.

## How to pay your PTV authorisation fees

**Note:** The screenshots provided are examples only, and may not reflect current fee amounts. Visit the DoT website for up-to-date information about fees: <u>www.transport.wa.gov.au/OdTFees</u>

After reviewing the application you will be directed to payment. When paying for your PTV application you will have two options:

- online via DoTDirect; or
- in person at a Licensing Centre via cheque or EFTPOS by choosing 'lodge and pay later'.

Payments can be made quickly and easily in DoTDirect via credit card (Mastercard or Visa).

If you choose to pay in person at a Licensing Centre, you will need to take note of the account number supplied, as you will need to provide this to DoT staff to process your payment. Payment must be made within 7 days of the application being submitted.

Motor Injury Insurance costs may be incurred too - these amounts will vary between vehicles.

Full fees and charges for PTV authorisations will be located on the Fees and Charges webpage.

Your PTV authorisation account will now appear in your "To-do list" in the overview of your DoTDirect account profile. This account must be paid to enable your PTV authorisation active.

### Splitting your account when paying a PTV authorisation renewal

When your PTV authorisation is due for renewal, you will receive an email advising that payment can be made through DoTDirect. If you have many PTV authorisations expiring on the same date, DoTDirect allows you to manage your payments by allowing you to split the authorisation renewal and allow you to select another expiry date for one or more PTV authorisations.

### 1. Select renew authorisation from the Overview page.

### On-demand Charter or Tourism Passenger Transport to On-Demand Rank or Hail (taxi)

**Note:** The screenshots provided are examples only, and may not reflect current fee amounts. Visit the DoT website for up-to-date information about fees: <u>www.transport.wa.gov.au/OdTFees</u>

- 1. Before you can change the PTV category to the on-demand rank or hail (taxi) category, you must ensure that the vehicle has been fitted with:
  - a. Fare calculation device (meter);
  - b. roof light and roof sign;
  - c. external livery (if the vehicle doesn't already have it); and
  - d. a camera surveillance unit that meets the current <u>Camera Surveillance Unit</u> <u>Standards</u>.
  - 2. To change a category from a PTV Charter and/or Tourism Passenger Transport to PTV Rank or Hail authorisation type log in to DoTDirect and select 'Passenger Transport Vehicles' and then 'Authorisations in force.'

3. The next screen will show all PTV authorisations in force. Select the vehicle you wish to change by either filtering by plate type or selecting the appropriate vehicle.

- 8. Once the cancellation date has passed the PTV authorisation will be cancelled. The vehicle owner may, if they wish, then apply for a PTV authorisation using their DoTDirect account.
- 9. If the PTV has PTV plates attached, such as 'TAXI' or 'CVL' these plates must be returned to a DoT Centre. Taxis must **remove** the following items from the vehicle:
  - fare calculation device (meter);
  - the <u>camera surveillance unit;</u>
  - roof light and roof sign; and
  - external livery (only applicable if the livery could identify the vehicle as an OD-RH PTV (taxi)).
- 10. Please note that as the vehicle owner, if you do not intend to operate the vehicle as a PTV, you must complete a '<u>E67 Declaration of Motor Injury Insurance</u>' form and email it to <u>ondemandtransport@transport.wa.gov.au</u>. On-demand Transport will then adjust the vehicle insurance to the appropriate type as selected by the vehicle owner. You can also attend any DoT Licensing Centre or regional agent with the completed E67 Form to do this in person.

# **PTV** authorisation holder and vehicle owner are different and the **PTV** authorisation holder wants to cancel the authorisation

1. To cancel the PTV authorisation, the PTV authorisation holder can log into DoTDirect and select "Passenger Transport Vehicles' and then 'Authorisations in force'.

2. Highlight the correct vehicle and select the 'Cancel authorisation' button.

## **Reuse previous authorisation**

You are able to utilise the remaining portion of your PTV authorisation on another vehicle, that:

- has been inspected against the Department of Transport (DoT) vehicle inspection process and complies with DoT's standards, as per the Act and associated regulations in the previous three months prior to application; or
- is a new vehicle first registered in WA in the last 10 days; and
- has the appropriate Motor Injury Insurance class. This can be changed using the <u>E67</u> form.

You cannot re-use the remaining portion of a cancelled PTV authorisation if that authorisation has already been issued with a renewal notice.

The new PTV authorisation obtained using the re-use of unused portion process will have the same expiry date as the authorisation that has been cancelled.

To re-use the remaining portion of a previous PTV authorisation, the current PTV authorisation must have been first cancelled prior to applying. To find out how to cancel an authorisation, visit the DoT website:

#### https://www.transport.wa.gov.au/On-demandTransport/how-to-renew-change-or-cancel-a-ptvauthorisation.asp

When a request to cancel a PTV authorisation is made in DoTDirect, an email will be sent to the PTV authorisation holder and the vehicle owner (if different to the PTV authorisation holder). The email will confirm when the PTV authorisation will be cancelled – the vehicle can still be operated as a PTV until this time.

If the request to cancel the PTV authorisation is made by the PTV authorisation holder who is:

- Also the vehicle owner: the cancellation will take effect at the end of the same day that the confirming email from DoT is sent.
- Not the vehicle owner: the cancellation will take effect at the end of the following day that the confirming email from DoT is sent.

If the request to cancel the PTV authorisation is made by the vehicle owner who is:

- Also the PTV authorisation holder: the cancellation will take effect at the end of the same day that the confirming email from DoT is sent.
- Not the PTV authorisation holder: the cancellation will take effect at the end of the following day that the confirming email from DoT is sent.

Please note, only the same category of PTV authorisation can be re-used. If the PTV authorisation has not been cancelled, select the authorisation that will no longer be required and select cancel authorisation.
1. Under the On-demand Transport, Passenger Transport Vehicles applications section, select the appropriate category type and then select 'Reuse previous authorisation' from the drop down Authorisation period selection.

## **Transfer of Vehicle Ownership**

### Selling a vehicle with a PTV authorisation

If you are planning on selling a vehicle that has a PTV authorisation that is not intended to be used by the buyer, you should cancel the PTV authorisation in your DoTDirect account. See <u>Cancelling a PTV authorisation</u>.

Once the vehicle licence is transferred to a new owner, the PTV authorisation will be cancelled after 14 days unless the PTV authorisation holder notifies DoT that consent is given by the new owner for the vehicle to be used as a passenger transport vehicle. This can be done by completing the <u>Vehicle Financial Interest Agreement (Form ODT6)</u> with the new owner and uploading it to DoTDirect.

To Upload the Vehicle Financial Interest Agreement (Form ODT6):

1. Log into DoTDirect and go to the 'Passenger Transport Vehicles,' 'Authorisations in Force,' page.

4. Once consent has been received the new vehicle owner will receive an automated email that consent has been given.

If this form is not received in 14 days, the PTV authorisation will be automatically cancelled.

#### Purchasing a vehicle with a PTV authorisation

If you are planning to, or have purchased a vehicle with a PTV authorisation, and you do not intend on using it as a passenger transport vehicle, you can cancel the PTV authorisation via your DoTDirect account once the vehicle is licensed in your name.

If the vehicle is still licensed in the previous owner's name, they can cancel the PTV authorisation in their DoTDirect account. See <u>Cancelling a PTV authorisation</u>.

You can apply for a PTV authorisation, or if you wish for the existing PTV authorisation to continue, the PTV authorisation holder will need to complete the <u>Vehicle Financial Interest</u> <u>Agreement (Form ODT6)</u> with yourself as the new owner and upload it to DoTDirect following the steps in the above section.

If this form is not received in 14 days, the PTV authorisation will be cancelled.

Please note that if the vehicle is no longer being used as a passenger transport vehicle, the vehicle owner must complete a '<u>Declaration of Motor Injury Insurance (Form E67)</u> to nominate the correct insurance class for the vehicle usage and submit by DoT:

- By email to ondemandtransport@transport.wa.gov.au
- In person at On-demand Transport, a DVS Centre, regional DoT Centre, or agent; or
- By post to Department of Transport, GPO Box R1290, PERTH WA 6844.

You may be required to pay an adjustment if you nominate a more expensive insurance premium. The vehicle licence will be invalid until this adjustment is paid.

# **Return of PTV plates notifications**

A PTV authorisation ceases to be in force upon:

- the expiry or cancellation of the PTV authorisation;
- the expiry or cancellation of the vehicle licence; and/or
- the expiry of a defect notice.

DoT will send an email to the vehicle owner one day after the PTV authorisation is not in force. The email advises the vehicle owner that:

- the PTV authorisation is not in force; and
- if it continues to not be in force, the PTV plates must be returned to DoT within 14 days.

If after 7 days the PTV authorisation is still not in force, DoT will send a reminder email to the vehicle owner advising them:

- the PTV authorisation is still not in force; and
- the plates must be returned within 14 days of the PTV authorisation ceasing to be in force.

Failure to return the PTV plates within the nominated period may result in an infringement notice being issued to the vehicle owner. Vehicle owners are responsible for returning plates to DoT.

### Infringement Notice for failing to return PTV plates

The infringement for failing to return PTV plates under r.113A of the *Road Traffic (Vehicles) Regulations 2014* is a penalty of \$200.

The Infringement Notice cannot be presented at Department of Transport Centres. Payment will be accepted by the nearest Magistrates Court as mentioned on the Infringement Notice.
